I deem it my duty, both to you and to suffering humanity, to make the following statement: For five years I was a great sufferer from Files, and besides using various remedies, was operated upon by one of the "Oldest Specialist," whose treatment not only confined me to my bed, but caused me the most intense agony, and so far from benefiting me, left me in a worse condition than before. In this condition I continued until I consulted you, when I was entirely cured in a single treatment, and that without the slightest pain or inconvenience. I am to-day, as I have been for one year, as well a man as can be found, and feel that I DILES AND FISTULA CURED WITHOUT KNIFE will be called for trial at the Shelby county
